

## Aluminium Foil Slitting Machine

Aluminium foil slitting machine is ideal for metal compsite/metal glass material slitting.

It is high precision cutting,high speed,automatic tension control system.

### **Main Specs:**

Name:Aluminium foil slitting machine

Material:aluminium foil

Unwind roll width:1200mm

Machine roller width:1250mm

Unwind roll ID:76/152mm

Unwind roll OD:max600

Finish roll ID:30/35/76mm

Finish roll OD: max400mm

Machine speed: 200m/min

Voltage:220/380/415v option

Note:Custmized acceptable.
