

## Automatic Stretch Film Rewinder

Automatic stretch film rewinder is widely used for rewinding stretch film jumbo roll into small hand rolls, pallet rolls, machine rolls etc for easy use. It is suitable for rewinding industrial stretch film, wrapping film, food cling film etc.

Machine is high speed, fully automatic rewinding, automatic shaft exchange, PLC programm and touch screen control for user friendly, less skilled people can easily operate.

This machine can combine 3 units into a production line at the same time. And we provide different production types for customers to choose, such as L type, T type. In both types of production line, at least 2, 3 or 4 machines work with conveyor belt, slide down table and up down driving carton sealer together to rewind the jumbo rolls into small rolls and then pack the finished rolls into cartons.

**Main Specs:**

Name:Automatic Stretch Film Rewinder

Model:PPD-ARW500-3L

Material:Stretch film,Cling film

Jumbo roll width:500mm

Jumbo roll ID:3inch

Jumbo roll OD:500mm

Finished roll width:max500mm

Finished roll ID:1.5/2/3inch
