

Cling Film Perforation Rewinding Machine

Cling film perforation rewinding machine is 5 shaft automatic for rewinding of food cling wrap film with perforation line, it is automatic exchange the paper core, converting material rapidly and consistently to give finished rolls of the highest quality.

This perforation line is instead of the cutting blades on the box, it is design for easy tear off the film during using.

The control is of LCD panel consists of "PLC+ transducer+ signal switch "The performance of the machine is very stable and reliable .

Technical data:

Name: Cling film perforation rewinding machine

Model: PPD-ACWP450

Jumbo roll width: max 450mm

Jumbo roll inner diameter: 76mm

Whatsapp/Wechat: 0086 137 3685 9272

Jumbo roll outer diameter:500mm

Rewind roll width:max 450mm

Rewind roll inner diameter:30/35mm option

Design speed:max650m/min

Power:4kw

Voltage:220/380/415/450v

NOTE:Different sizes can be customized.
