

Kitchen Foil Food Cling Wrap Film Rewinder

Kitchen foil food cling wrap film rewinder is used for the rewinding of food aluminum foil ,cling wrap film, which can divide the large jumbo roll into the same width small finished product.

It is automatic meter counting ,2 shaft exchange the paper core,once reach the setting length it will automatic deceleration,work stably and high efficiency.

It is multi functional model,can do both aluminium foil and food cling film , food PE stretch film rewinding.

Technical Parameters:

Name:Kitchen Foil Food Cling Wrap Film Rewinder

Model:PPD-KFCF450

The max diameter of jumbo roll: 600mm

The max width of the jumbo roll: 600mm (width can be customized)

Aluminum foil thickness range: 6-20micron

Cling film thickness range: 8-20micron

Raw material core tube inner diameter: 76mm

Finished small roll core diameter: 30mm,35mm option

Production speed: 300rpm/min

Finished small roll length: 5m-300m

Motor Power: 2.2Kw

Voltage:220/380/415V

NOTE:Different sizes can be customized.
