

Plastic Cutter Fixing Machine For Box Of Cling Wrap Roll

Plastic cutter fixing machine for box of cling wrap roll is designed for fixing the plastic cutter on the color box of the food cling wrap roll. By premium standard automatic PLC programmer control to coordinate with LCD touch screen, operation is very simple. The top quality of gluing gun provides very accurate glue spraying to ensure the quality production, and low defect rate. All processes are by automation work. With different automatic sensors on the machine, it works as automatic counting, alarming system, will provide very stable production, high efficient to reduce the less labor involved. The one operator can work on this machine to save a lot of labor cost. It is ideal for blade attaching for color box of food cling wrap roll, aluminium house foil roll, food baking silicon paper roll, food waxing paper roll etc.

Main Specifications:

Model: PPD-TH-35D

Machine Dimensions: LWH 4000mmx1000mmx1550mm L

Voltage: AC220V/380/415V

Tel: +86-573-82571515 Whatsapp/Wechat: 0086 137 3685 9272

Power:3.2KW/50&60HZ

Air supply:0.45-0.8Mpa

Glue type:Hot melting glue

Gluing method:Glue spraying type

Capacity of glue cylinder:5KG/h

Carton box specifications:220x460mm (unfolded size)

Carton box specifications:460x240mm (unfolded size)

Production speed:30-35units/min

Plastic cutter fixing precision:Horizontal: $\pm 0.3\text{mm}$; longitudinal: $\pm 1.2\text{mm}$

NOTE:The different requirement is accepted for a customized model.
